
This is the teacher's guide to a student-centered reading skills textbook based on a cognitive skills approach. Its four key sections, designed to be used concurrently, help advanced students master reading skills needed for academic success: (1) Extensive Reading helps students to build reading fluency, increase comprehension, and broaden vocabulary. (2) Vocabulary Building includes numerous strategies for learning vocabulary, including using context clues, analyzing word parts, and noticing collocations. (3) Comprehension Skills teaches reading skills, such as making inferences, recognizing patterns of organization, and reading critically. (4) Reading Faster features high-interest, nonfiction selections that help students improve their reading rate and flexibility.
